WORK EXPERIENCE

ForeVR Games   July 2022 – Present
Senior VR Engineer   *Atlanta, GA*
- ForeVR Games is a fully-remote VR game studio that focuses on live service sports titles for the Meta Quest.
- Worked primarily on the liveops team maintaining and improving the company's 4 released games
    - Added new game modes to Cornhole and Pool, which improved the latter's rating by 15%
    - Improved the shared submodules with enhanced permissions integration and feature flags
- Worked on the team that ported Bowling and Pool to Steam to increase sale and streaming content
- Prototyped new games and migrated to an unannounced title when it was greenlit by leadership

Futurus/Amebous Labs   July 2018 – July 2022
Various Engineering and Leadership Roles   *Atlanta, GA*
Lead Game Developer   *March 2020 - July 2022*
- Worked at Amebous Labs, a separate brand formed under Futurus to make VR games
- Led a team of at-max 4 developers on a gardening VR game for the Meta Quest from concept to release
- Established new DevOps practices within the organization, including packages, git, unit tests and automated builds
Software Developer   *July 2018 - July 2022*
- Futurus is a software development company that specializes in work-for-hire XR projects
- Worked with another developer on the the JLG AR App for iOS and Android
- Helped build a VR Experience with United Way of Greater Atlanta for Super Bowl LIII

Georgia Institute of Technology   January 2017 – December 2017
Graduate Research Assistant   *Atlanta, GA*
- Hired by the director of my graduate program department to work on a grant-funded VR puppetry project

Moxie   June 2017 – August 2017
Future Experiences Intern   *Atlanta, GA*
- Hired as an design/developer hybrid intern in the Future Experiences Lab at Moxie, a marketing company.

Disney   January 2015 – June 2016
Associate Game Designer   *Los Angeles, CA*
- Worked as a game designer on multiple projects at once, most of which were pitched, designed and approved by stakeholders at Disney and built by external development studios
